# PROFESSIONAL LEARNING TOPIC DESCRIPTIONS

## RESTORATIVE PRACTICES 101: CORE BASICS

This foundational training introduces educators to the core principles, values, and language of Restorative Practices. Participants explore Behavior as Communication, learn practical restorative language and communication strategies, and develop foundational skills for facilitating restorative conversations and circles. Through interactive learning and practice, educators build confidence in responding to challenging behaviors, strengthening relationships, and creating classroom and school environments grounded in connection, accountability, and belonging.

## MTSS, PBIS, & RESTORATIVE PRACTICES

Explore how Restorative Practices can complement and align with Multi-Tiered Systems of Support (MTSS) and Positive Behavioral Interventions and Supports (PBIS). Participants examine opportunities to integrate relationship-centered and restorative strategies into existing systems, creating greater consistency in how schools support behavior, belonging, and student success. This lens will include analysis of current discipline and school culture policies.

## IMPROVEMENT & IMPLEMENTATION SCIENCE AND RESTORATIVE PRACTICES

Learn how Improvement and Implementation Science can support the successful adoption and sustainability of Restorative Practices. Participants explore strategies for assessing needs, building implementation capacity, using data for continuous improvement, and supporting meaningful change across classrooms, schools, and districts. Session(s) include three-year Restorative Practices implementation timeline and strategic plan.

## FAMILY, COMMUNITY, & PARTNER ENGAGEMENT

Explore strategies for meaningfully engaging families, caregivers, community members, and school partners in restorative work. Participants learn approaches for strengthening trust, communication, shared ownership, and collaboration to create stronger networks of support around students and school communities.

## CONFLICT RESOLUTION & MEDIATION

Develop practical skills for navigating real-time conflict through restorative communication, facilitated dialogue, and mediation. Adult participants learn strategies for listening to multiple perspectives, identifying underlying needs, supporting accountability, and creating pathways toward resolution and relationship repair. Session(s) include workplace conflict and mediation agreement planning and respect agreements.
